

K-LOVE radio is such a positive influence on our community that to be without it is UNIMAGINABLE. I listen to it at work, at home and in my car. When it was off the air last year after our Firestorm there were many many calls wondering when it would come back on. K-LOVE is a commercial free, listener supported, family oriented station that serves to encourage and bring a message of hope to anyone who listens. WE NEED K-LOVE as an alternative to those of us who prefer having a choice in the music we listen to.

Sincerely,
Diane Hall
